101 CentrepoinTE Dr., 2nd Floor
Ottawa, ON K2G 5K7

**RE: 380 Murray Street, Fire Alarm Retrofit
380 Murray Street, Ottawa, Ontario
Building Permit No.: 2101735
Issued Date: 09-Mar-2021
LRI File No.: 25107**

Dear Mike,

We have carried out the general review of the installation of the Fire Alarm System Upgrade work for this project in conformance with Section 78 of Ontario Regulation 941, made under the Professional Engineers Act, 1990.

The Fire Alarm replacement work as shown on the drawings prepared by LRI Engineering Inc. under the professional seal of Zahid Ur Rashid, P. Eng., has been completed in general conformity to the approved permit drawings and specifications, including any amendments thereto and the review has been carried out in general conformance with the Professional Engineers Ontario *Guideline for Professional Engineers Providing General Review of Construction as Required by the Ontario Building Code*. Site review included representative inspections of; installed fire alarm system components, verification of the operating sequence and performance testing of the Fire Alarm System operation in accordance with the *Guideline*.

Yours truly,
LRI ENGINEERING INC.

Zahid Ur Rashid, P. Eng.
